

Product Safety Recall

Do you own this product?

Quell Fire Stop

Quell Fire Stop is a spray can with trigger mechanism, containing a fire suppressant for use against Class A, B, E, and F fire categories.

Dates sold: 7 December 2021 – 29 May 2024

Why the product is recalled: The labelling on the product does not comply with the [mandatory standard for portable aerosol fire extinguishers](#). The product may be mistaken for a fire extinguisher when it is a fire suppressant.

Hazard: There is a risk of serious burns and property damage if consumers attempt to use the product beyond its capabilities as a fire extinguisher.

Consumers should stop using the product immediately.
Consumers should return the product to the place of purchase for a full refund.
